Transitions

MATTRESSES

Transitions Mattress

The Comfort Shield® Transitions Mattress is a blend of comfort, cleanability, and lasting value. This densified fiber core offers the right amount of cushion without the use of inner springs. The breathable vent system repels oil, water, and bodily fluids, and the anti-microbial TPU cover is easy to clean and sanitize. The sealed seams create a barrier to bedbug infestations for high traffic environments.

Norix Blue
Sealed Seam Mattress

Silver Secure
Sealed Seam Mattress

Features That Matter - Norix Blue

Bed Bug Resistant

The sealed seam eliminates any potential entry points for bed bugs to hide within the mattress, supporting a safe and sanitary environment.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without affecting the surface material or color.

Extended Warranty

A 5-year limited prorated warranty protects against seam failure and cover material cracking.

Fire-Retardant

The densified polyester core and TPU coated cover are fire-retardant, offering enhanced safety and peace of mind for residents and staff.

Fluid Resistant

The sealed seam and non-absorbent, TPU coated cover combine to resist bodily fluids, cleaning solutions and a wide variety of other liquids that your facility may encounter.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.

No Minimums

There are no minimum quantity requirements for all standard Norix mattresses, promoting a worry-free ordering process.

Robust Comfort

A soft, TPU coated polyester cover delivers an ideal combination of comfort and durability without the risk of cracking over time.

Sealed Seam

Inverted radio-frequency welding is used to form a minimally visible sealed seam that provides extreme security in comparison to traditional sewn seams.
