Features That Matter

Stackable

The unique leg shape allows the armless chairs to nest when they are stacked.

Concealed Staples

Upholstery is double stitched with concealed staples for additional durability and for the safety of residents and staff.

Structural Durability

A full steel seat pan is layered with a fabricated seat cushion for additional structural durability.

Tamper Resistant

Fully welded frame connection points and secure hex bolt hardware help mitigate any opportunity for tampering.

Field-Replaceable Cushions

Field-replaceable cushions provide the freedom to make color changes or design updates quickly and easily without requiring a full chair replacement.

Secure Back Rest

The solid wood back is supported by two heavy-duty back brackets and welded for extra security.

Tactfully Robust

A balanced combination of modern design and robust durability without the institutional look or feel.

Ganging Capability

For additional security, these chairs can be fastened together with an optional ganging kit.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.
